

# ICAR-National Institute of High Security Animal Diseases, Bhopal

## “Swachhata Hi Seva” Pakhwara

(Sept. 17, 2018)

Today’s shramdaan was dedicated to the Mahadev Pani, a tourist place that attracts a huge public especially during the monsoon season. A team consisting of eleven members of NIHSAD family enthusiastically donated two hours shramdaan in cleaning the vast area at this tourist place. During the shramdaan, non-biodegradable waste especially polythene, plastic plates and suparis craps were collected and disposed of in Bhopal Municipal Corporation dumping container. The tourists visiting this place were made aware of role of sanitation, hygiene and proper waste disposal in improving the overall health of human, animals, soil and ecosystem.
