

# ICAR-National Institute of High Security Animal Diseases, Bhopal

## “Swachhata Hi Seva” Pakhwara (Sept. 26, 2018)

‘Volunteer for segregation of solid waste into non-biodegradable and biodegradable waste’, a special prescribed activity was conducted by the institute today. In this activity, Dr. HV Murugkar, Principal Scientist of the institute interacted with all the members of NIHSAD including the contractual staff and communicated the importance of segregation of biodegradable waste from the non-biodegradable one. He demonstrated ‘how to make organic compost utilizing kitchen waste at home’ in a simplified manner and encouraged others to use this process at home/offices. Besides, regular cleaning activity of the institute campus was also done.

Demonstration of compost making using bio-degradable kitchen waste
