

National Girl Child Day Celebration at ICAR-NIHSAD, Bhopal

The National Girl Child day” was celebrated at ICAR-NIHSAD, Bhopal on 24th Jan., 2022. During this occasion, Dr.(Mrs) Sandhya Trivedi, Professor, Dept. of Chemistry, Institute for Excellence in Higher Education, Bhopal who is a Motivational speaker and a volunteer of All world Gayatri family delivered a talk on ‘Strengthening the girl child for a better tomorrow” by virtual mode. The event was coordinated by Dr. Anamika Mishra, Principal Scientist and was attended by 48 participants including staff of the institute, girls in the age group of 12-17 years in their families, girl students of the Siddharth Public School and Raj Vendanta school of Bhopal. The speaker motivated the girls and made them aware of the social issues with stories and anecdotes from various Indian scriptures and there was also an open discussion after that with full participation of the young girls. The talk was followed by an interaction session with the girl children who attended the program. Dr. V. P. Singh, Director of the institute thanked the speaker and exhorted the girl children to be achievers in life and contribute to the society in a positive way. Dr. Anamika Mishra delivered vote of thanks.
