

ICAR-NIHSAD, Bhopal celebrates 3rd Foundation Day

8th August, 2017

ICAR-National Institute of High Security Animal Diseases, Bhopal (ICAR-NIHSAD) celebrated its 3rd Foundation Day here today. The foundation day function was graced by chief guest Dr. H. Rehman, Regional Representative for South Asia, International Livestock Research Institute (ILRI) and former DDG (AS), ICAR. Dr. Rehman was accompanied on the dais by Dr. Ashok Kumar, ADG (AH), ICAR, Dr. K. K. Singh, Director, Central Institute of Agricultural Engineering (CIAE), Dr. A. K. Patra, Director, Indian Institute of Soil Science (IISS), Dr. Rokde, Director, Animal Husbandry and Dairy Department, Govt. of Madhya Pradesh and Dr. S. C. Dubey, Rtd. Joint Director of HSADL (Now ICAR-NIHSAD).

Dr. V. P. Singh, Director, ICAR-NIHSAD briefed about the genesis of the institute and the achievements made by the Institute in diagnosis, control and research on exotic and emerging animal diseases. Dr. H. Rehman applauded the efforts of the scientists in doing quality research and publications. Dr. Rehman shared his ideas on prospective vision of the institute in view of the changing scenario of livestock production in Asian countries and emerging threats to the animal husbandry sector. Other dignitaries also shared their views on the critical role of the institute in animal health in light of emerging animal disease threats.

A documentary film on NIHSAD and a technical leaflet were released by the dignitaries on this occasion. The day's program of deliberations was followed by a cultural program in the evening with participants from the staff, their family members, students and trainees.
