

“Swachhta Pakhwada” Celebration at ICAR-NIHSAD, Bhopal (Dec. 28, 2021)

Today, at 'Anganwadi' in Omega industrial area, Anand Nagar Village, Bhopal, an awareness campaign on "water recycling, cleanliness and sanitation in the residential colony outside the campus" was conducted. Children and students in the slum region of Anand Nagar, Bhopal, were given important information about hygiene and sanitation, as well as how they affect our health and minds, as part of this awareness programme. In addition, importance of masks in preventing the spread of COVID-19 was also communicated. On the spot, sanitation kits (soaps and hand towels) and masks were distributed among the children and students. Besides, the institute's campus was cleaned on a regular basis.

Creating awareness on water recycling, hygiene and sanitation among the children at 'Anganwadi' in Omega industrial area, Anand Nagar Village, Bhopal
