

“Swachhta Pakhwada” Celebration at ICAR-NIHSAD, Bhopal (Dec. 29, 2019)

In today’s activity, a lecture on ‘Treatment and safe disposal of bio-degradable/non-biodegradable waste’ was delivered by Dr. H.V. Murugkar, Principal Scientist of the institute. This lecture was in line with the theme of the Swachhta Pakhwada program.

In this activity, he interacted with the staff of NIHSAD and described in detail the types of wastes generated from various sources and how they can be effectively treated and safely disposed of. He also explained how we can minimize the use of plastic items in our daily routine and thus help in reducing the plastic burden on our environment. Besides, the regular cleaning activity of the institute campus was also done.
