

ICAR-National Institute of High Security Animal Diseases, Bhopal

“Swachhata Hi Seva” Pakhwara (Sept. 30, 2018)

A special activity prescribed by Ministry of Drinking Water & Sanitation ‘Mobilize community to build compost pits, where organic matter decomposes to form manure’, was conducted by the institute today. In this activity, Dr. HV Murugkar, Principal Scientist of the institute interacted with local residents of Ishaan Park, Bhopal and communicated the importance of making organic compost at home. He also demonstrated ‘how to utilize kitchen waste in making compost at home and encouraged others to use this process at home/offices. Besides, regular cleaning activity of the institute campus was also done.

Demonstration of compost making using bio-degradable kitchen waste to local residents of Ishaan Park, Bhopal
